

FOR IMMEDIATE RELEASE

NEW ENGLAND GROWTH PROMPTS POLYSOURCE TO OPEN SECOND EAST COAST WAREHOUSE

KANSAS CITY, MISSOURI – AUGUST 7, 2017 – In response to overwhelming success in new business growth within the New England area, Kansas City based **PolySource** recently expanded its network of warehousing facilities to include a 57,000 square foot location outside of Boston, Massachusetts. Now with two east coast warehouses, and 11 total locations spanning across the country, PolySource offers a proactive and flexible warehousing and inventory policy, allowing customers to use PolySource for warehousing at no additional cost.

“Our Director of Sales & Marketing, Bob Findlen brings years of experience in the plastics industry to PolySource. His technical capabilities when working on new developments have been a large factor in our east coast success and expansion, stated PolySource President, Grant John. “As an application development focused business, it’s imperative for our field team to bring a deep understanding of new application developments and existing applications where a problem or issue may exist. Bob has been very successful doing that in the New England area”, added John.

“What makes PolySource effective in being plastics material consultants is our entrepreneurial spirit and nimble approach to doing business. We support new application developments and tackle existing applications head-on where a problem or issue may exist. I embraced what PolySource has been doing for almost 25 years, and introduced it to my territory with overwhelming success”, commented Findlen.

Quickly addressing customer warehousing limitations through customer centric distribution and warehousing facilities, positions PolySource with the ability to warehouse customer materials, and provide them with 1-2 day lead times. PolySource warehouse locations include Minneapolis, MN, Kansas City, MO, El Paso, TX, Laredo, TX, Mexico City, Mexico, Ayer, MA, Edison, NJ, Chambersburg, PA, Akron, OH, Evansville, IN, and Denver CO. Total warehouse space at these 11 locations exceeds two million square feet.

PolySource, LLC, founded in 1993, has focused its business on delivering resin solutions to customers whether their need is stocked material, application development, process support or alternative resin searches. Through its direct sales team, customer service team and network of warehouses and logistics partners, PolySource is well positioned to manage the needs of its customers.
